

Bright Heart Health is an On-Demand behavioral health and pain management telemedicine program providing complete wrap around services across the United States.

We assign each patient a multi-disciplinary team, consisting of:

The **Bright Heart Health Virtual Clinic** allows for **24/7 admission** and can be accessed by patients and providers at <https://www.brighthearthealth.com/contact-us/>.

Getting treatment is as easy as 1, 2, 3:

- 1 Visit the **Virtual Clinic** or call us at **(800) 892-2695**
- 2 Complete enrollment documentation with a Care Coordinator
- 3 Get scheduled to see a licensed physician or therapist through Zoom

Bright Heart Health provides telemedicine treatment options for:

Medication-Assisted Treatment (MAT)

Comprehensive evidence-based care from a multi-disciplinary team of experts:

- Individual and Group Therapy
- Medication Management
- Life-Saving Treatment

Mental Health

Utilizing a metrics-based care model to provide comprehensive mental health outpatient care:

- Psychiatric Services
- Eating Disorder Services
- Individual and Group Therapy

Chronic Pain Program

Focuses on functional restoration by using evidence-based care for long-term pain management:

- Behavioral Therapy
- Non-Procedural Interventions
- Physical Health Interventions

We accept several methods of payment: Medicaid, Medicare, most commercial insurances, and self-pay.

For more about rates and payment options, visit the [Virtual Clinic](#) or call **(800) 892-2695**.
