

Data Action Team 2022 SMART Goals

1. Maintain integrated surveillance dashboard that incorporates Vital Records, Emergency Medical Services (EMS), Emergency Department (ED) and for fatal and non-fatal opioid overdose events, and share youth *substance-use surveillance data* when available and appropriate within the overall report card on RxSafeMarin.org
2. Collaborate and share practices, protocols and data with RxSafe Steering Committee twice a year to inform the Coalition's activities
